

CRYOPACK 3000SA

The CRYOPACK 3000SA tank has approvals for road, rail and sea transport and is used for nitrogen service on oil production platforms throughout the world. The tank can be produced with working pressures ranging from 3 to 17 bar and can be used for the transport of liquid nitrogen, with options for oxygen and argon service.

This T75 UN Portable tank is designed and manufactured in accordance with DNV 2.7-1 and ISO 10855.

A CO2 format tank can also be supplied on special request. Higher pressure versions also available on request.

The CRYOPACK also features high vacuum super-insulation, and is supplied with a full set of decals (including logos where supplied by customer), integral pressure building system, document holder and various pipe work and valve options to offer maximum versatility to end user and operator.

| MATERIALS | SPECIFICATION | | |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|--|
| Inner shell | Stainless steel | | |
| Outer jacket | Carbon steel (optional - stainless steel) | | |
| Skid | Carbon steel (optional - stainless steel) | | |
| Pipework | Tp. 316 stainless steel sch.10 | | |
| Paint specification | Shot blast SA 2.5, zinc rich primer 50 microns, epoxy high build 125 microns, polyurethane top coat 50 microns. Standard colour: white Custom paint colours on request | | |
| Design approval(s)* | EN 13530, ADR/RID, IMDG, IMO, DNV2.7-1 / ISO 10855, US DOT, ASME VIII Div1 | | |
| Temperature | Inner shell -196°C to +50°C, outer jacket -20°C to +50°C (option -40°C to +50°C) material | | |
| NER | 0.4% per day | | |
| Corner castings | ISO standard 1161 blair BLRC20100 / 20000 | | |
| Couplings | NT150 as standard, custom specification on request | | |
| Roof plates | Aluminium tread plate | | |
| Drip tray | Stainless steel | | |
| Earth point | Stainless steel lug | | |
| Vaporiser | Stainless steel lined aluminium starfin | | |
| Slings | Slings and shackles. Approved to all relevant codes including DNV 2.7-1 (chain slings with optional corner baskets also available) | | |
| Insulation | Vacuum and super insulation | | |
| Dimensions (mm) | Length: 3700 / Width: 2,438 / Height: 2,591 | | |

* Design approvals may vary depending on options and country of

operation. For details, please contact Technical Department.
