

# STANDARD ICB SERIES

## SMALL FREEZERS

Specifically designed for the every day requirements of laboratory and biorepository operations

- Universal canister compatibility
- Available in dual configuration
- Fits in standard shipping boxes and containers
- Rugged ribbed high-strength aluminum body, magneformed necktube design and more durable paint
- Superior vacuum performance with insulation technology that delivers maximum holding times
- Lockable lid with enlarged opening for seals or securing ties
- Available with 5" or 11" canister configurations (model dependent)
